Five deadly terms used by a woman:

- FINE:** this is the word women use to end an argument when she knows she is right and you need to shut up.
- NOTHING:** means something and you need to be worried.
- GO AHEAD:** this is a dare, not permission, do not do it.
- THAT'S OK:** she is thinking long and hard on how and when you will pay for your mistake.
- WOW:** this is not a compliment. She's amazed that one person could be so stupid.
